# SAFETY DATA SHEET

Issuing Date No data available

Revision Date 3-May-2019

Revision Number 4

## 1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY/UNDERTAKING

**Product identifier** 324 - 345

**Product Name** ZAR® Interior Water Base Poly Crystal Clear

### **Other means of identification**

**Synonyms** None

### **Recommended use of the chemical and restrictions on use**

**Recommended Use** Water-borne coatings (Paint or Paint-Related)

**Uses advised against** No information available

### **Details of the supplier of the safety data sheet**

#### **Supplier Address**

United Gilsonite Laboratories  
1396 Jefferson Ave.  
Dunmore  
PA  
18509  
US  
Phone:570-344-1202  
Fax:570-969-7634  
Email:sales@ugl.com  
Contact Phone:570-344-1202

**Emergency telephone number** (800) 424-9300 Chemtrec

## 2. HAZARDS IDENTIFICATION

### Classification

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

|                                      |            |
|--------------------------------------|------------|
| Acute toxicity - Inhalation (Vapors) | Category 3 |
|--------------------------------------|------------|

### GHS Label elements, including precautionary statements

#### Emergency Overview

|                                                                                   |                   |                       |        |
|-----------------------------------------------------------------------------------|-------------------|-----------------------|--------|
| <b>Signal word</b>                                                                | <b>Danger</b>     |                       |        |
| <b>Hazard statements</b>                                                          | Toxic if inhaled  |                       |        |
|  |                   |                       |        |
| <b>Appearance</b>                                                                 | Translucent White | <b>Physical State</b> | Liquid |
|                                                                                   |                   | <b>Odor</b>           | Amine  |

#### **Precautionary Statements - Prevention**

Avoid breathing dust/fume/gas/mist/vapors/spray  
Use only outdoors or in a well-ventilated area

#### **Precautionary Statements - Response**

Specific treatment (see .? on this label)

#### **Inhalation**

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing  
Call a POISON CENTER or doctor/physician

#### **Precautionary Statements - Storage**

Store in a well-ventilated place. Keep container tightly closed  
Store locked up

#### **Precautionary Statements - Disposal**

Dispose of contents/container to an approved waste disposal plant

#### **Hazards not otherwise classified (HNOC)**

- Not Applicable

#### **Unknown Toxicity**

32% of the mixture consists of ingredient(s) of unknown toxicity

#### **Other information**

No information available.

#### **Interactions with Other Chemicals**

Use of alcoholic beverages may enhance toxic effects.

### 3. COMPOSITION/INFORMATION ON INGREDIENTS

| Chemical Name                            | CAS-No     | Weight % | Trade Secret |
|------------------------------------------|------------|----------|--------------|
| Dipropylene glycol monomethyl ether      | 34590-94-8 | 3 - 7    | *            |
| 2-Propanol, 1-(2-butoxy-1-methylethoxy)- | 29911-28-2 | 1 - 5    | *            |

\* The exact percentage (concentration) of composition has been withheld as a trade secret

### 4. FIRST AID MEASURES

#### First aid measures

|                                   |                                                                                                                                                                                                                                                                                                                                                |
|-----------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>General Advice</b>             | Immediate medical attention is required. Show this safety data sheet to the doctor in attendance.                                                                                                                                                                                                                                              |
| <b>Eye Contact</b>                | Rinse thoroughly with plenty of water, also under the eyelids. If symptoms persist, call a physician.                                                                                                                                                                                                                                          |
| <b>Skin Contact</b>               | Wash skin with soap and water. In the case of skin irritation or allergic reactions see a physician.                                                                                                                                                                                                                                           |
| <b>Inhalation</b>                 | Move to fresh air. If breathing has stopped, contact emergency medical services immediately. Immediate medical attention is required. No artificial respiration, mouth-to-mouth or mouth to nose. Use suitable instruments/apparatus Administer oxygen if breathing is difficult and you are trained. Seek immediate medical attention/advice. |
| <b>Ingestion</b>                  | Do NOT induce vomiting. Clean mouth with water and afterwards drink plenty of water. Never give anything by mouth to an unconscious person. Call a physician or Poison Control Center immediately.                                                                                                                                             |
| <b>Protection of First-aiders</b> | Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. No artificial respiration, mouth-to-mouth or mouth to nose. Use suitable instruments/apparatus Use personal protective equipment. For personal protection see Section 8.                                                      |

#### Most important symptoms and effects, both acute and delayed

**Most Important Symptoms/Effects** Coughing and/ or wheezing. Difficulty in breathing.

#### Indication of any immediate medical attention and special treatment needed

**Notes to Physician** Treat symptomatically.

---

## 5. FIRE-FIGHTING MEASURES

### Suitable Extinguishing Media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

### Unsuitable Extinguishing Media

CAUTION: Use of water spray when fighting fire may be inefficient.

### Specific Hazards Arising from the Chemical

No information available

**Uniform Fire Code** Toxic: Liquid

### Hazardous Combustion Products

Carbon oxides.

### Explosion Data

**Sensitivity to Mechanical Impact** No

**Sensitivity to Static Discharge** No

### Protective Equipment and Precautions for Firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

---

## 6. ACCIDENTAL RELEASE MEASURES

### Personal precautions, protective equipment and emergency procedures

**Personal Precautions** Ensure adequate ventilation. Avoid contact with skin, eyes and clothing. Do not breathe vapors or spray mist Use personal protective equipment. Evacuate personnel to safe areas. Keep people away from and upwind of spill/leak.

**Other Information** Refer to protective measures listed in Sections 7 and 8.

### Environmental precautions

**Environmental Precautions** Refer to protective measures listed in Sections 7 and 8.

### Methods and material for containment and cleaning up

**Methods for Containment** Prevent further leakage or spillage if safe to do so.

**Methods for Cleaning Up** Dam up. Soak up with inert absorbent material. Pick up and transfer to properly labeled containers.

**7. HANDLING AND STORAGE**

**Precautions for safe handling**

**Handling** Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes and clothing. Prevent breathing of mist or vapors. In case of insufficient ventilation, wear suitable respiratory equipment. Handle product only in closed system or provide appropriate exhaust ventilation at machinery. Do not eat, drink or smoke when using this product. Remove and wash contaminated clothing before re-use.

**Conditions for safe storage, including any incompatibilities**

**Storage** Keep containers tightly closed in a dry, cool and well-ventilated place. Keep locked-up. Keep out of the reach of children.

**Incompatible Products** None known based on information supplied.

**8. EXPOSURE CONTROLS/PERSONAL PROTECTION**

**Control parameters**

**Exposure Guidelines**

| Chemical Name                                     | ACGIH TLV                           | OSHA PEL                                                                                                                                                                                         | NIOSH IDLH                                                                                                  |
|---------------------------------------------------|-------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------|
| Dipropylene glycol monomethyl ether<br>34590-94-8 | STEL: 150 ppm<br>TWA: 100 ppm<br>S* | TWA: 100 ppm<br>TWA: 600 mg/m <sup>3</sup><br>(vacated) TWA: 100 ppm<br>(vacated) TWA: 600 mg/m <sup>3</sup><br>(vacated) STEL: 150 ppm<br>(vacated) STEL: 900 mg/m <sup>3</sup><br>(vacated) S* | IDLH: 600 ppm<br>TWA: 100 ppm<br>TWA: 600 mg/m <sup>3</sup><br>STEL: 150 ppm<br>STEL: 900 mg/m <sup>3</sup> |

*ACGIH TLV: American Conference of Governmental Industrial Hygienists - Threshold Limit Value. OSHA PEL: Occupational Safety and Health Administration - Permissible Exposure Limits. NIOSH IDLH: Immediately Dangerous to Life or Health.*

**Other Exposure Guidelines** Vacated limits revoked by the Court of Appeals decision in AFL-CIO v. OSHA, 965 F.2d 962 (11th Cir., 1992). See section 15 for national exposure control parameters.

**Appropriate engineering controls**

**Engineering Measures** Showers  
Eyewash stations  
Ventilation systems

**Individual protection measures, such as personal protective equipment**

**Eye/Face Protection** No special protective equipment required.

**Skin and Body Protection** No special protective equipment required.

**Respiratory Protection** No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

**Hygiene Measures**

Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes and clothing. Do not breathe vapors or spray mist Do not eat, drink or smoke when using this product. Remove and wash contaminated clothing before re-use. Contaminated work clothing should not be allowed out of the workplace. Provide regular cleaning of equipment, work area and clothing. Wash hands before breaks and immediately after handling the product.

**9. PHYSICAL AND CHEMICAL PROPERTIES**

**Physical and Chemical Properties**

|-----------------------------------|-------------------|
| <b>Softening Point</b>            | No data available |
| <b>VOC Content (%)</b>            | No data available |
| <b>Particle Size</b>              | No data available |
| <b>Particle Size Distribution</b> | No data available |

## 10. STABILITY AND REACTIVITY

### Reactivity

No data available.

### Chemical stability

Stable under recommended storage conditions.

### Possibility of Hazardous Reactions

None under normal processing.

### Hazardous Polymerization

Hazardous polymerization does not occur.

### Conditions to avoid

Excessive heat.

### Incompatible materials

None known based on information supplied.

### Hazardous Decomposition Products

Carbon oxides.

## 11. TOXICOLOGICAL INFORMATION

### Information on likely routes of exposure

#### Product Information

|                     |                                              |
|---------------------|----------------------------------------------|
| <b>Inhalation</b>   | Toxic by inhalation. (based on components)   |
| <b>Eye Contact</b>  | There is no data available for this product. |
| <b>Skin Contact</b> | There is no data available for this product. |
| <b>Ingestion</b>    | There is no data available for this product. |

### Information on toxicological effects

#### Symptoms

Coughing and/ or wheezing. Difficulty in breathing.

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

|                                 |                                                                                                                                                                                                                           |
|---------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Sensitization</b>            | No information available.                                                                                                                                                                                                 |
| <b>Mutagenic Effects</b>        | No information available.                                                                                                                                                                                                 |
| <b>Carcinogenicity</b>          | The table below indicates whether each agency has listed any ingredient as a carcinogen.<br><br><i>IARC: (International Agency for Research on Cancer)<br/>Group 3 - Not Classifiable as to Carcinogenicity in Humans</i> |
| <b>Reproductive Toxicity</b>    | No information available                                                                                                                                                                                                  |
| <b>STOT - single exposure</b>   | No information available.                                                                                                                                                                                                 |
| <b>STOT - repeated exposure</b> | No information available.                                                                                                                                                                                                 |
| <b>Chronic Toxicity</b>         | Effects from this product caused by acute exposure may cause permanent damage to target organs and/or may cause chronic conditions Carcinogenic potential is unknown.                                                     |
| <b>Target Organ Effects</b>     | Respiratory system. Systemic Toxicity. Central nervous system (CNS). Eyes.                                                                                                                                                |
| <b>Aspiration Hazard</b>        | No information available.                                                                                                                                                                                                 |

**Numerical measures of toxicity - Product Information**

The following values are calculated based on chapter 3.1 of the GHS document

**ATEmix (oral)**  
9,514.00 mg/kg  
**ATEmix (inhalation-vapor)**  
7.41 ATEmix

**12. ECOLOGICAL INFORMATION**

**Ecotoxicity**

The environmental impact of this product has not been fully investigated.

**Persistence and Degradability**

No information available.

**Bioaccumulation**

No information available.

| Chemical Name                                     | Log Pow |
|---------------------------------------------------|---------|
| Dipropylene glycol monomethyl ether<br>34590-94-8 | -0.064  |

**Other Adverse Effects**

No information available.

**13. DISPOSAL CONSIDERATIONS**

**Waste treatment methods**

**Waste Disposal Methods**                      This material, as supplied, is not a hazardous waste according to Federal regulations (40 CFR 261). This material could become a hazardous waste if it is mixed with or otherwise comes in contact with a hazardous waste, if chemical additions are made to this material, or if the material is processed or otherwise altered. Consult 40 CFR 261 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional, or local regulations for additional requirements.

**Contaminated Packaging**                      Dispose of in accordance with local regulations.

**California Hazardous Waste Codes**    135

**14. TRANSPORT INFORMATION**

**DOT**                                                      NOT REGULATED  
     **Proper Shipping Name**                      Non regulated  
     **Hazard Class**                                      N/A

**TDG**                                                      Not regulated

**MEX**                                                      Not regulated

**ICAO**                                                      Not regulated

**IATA**                                                      Not regulated  
     **Proper Shipping Name**                      Non regulated  
     **Hazard Class**                                      N/A

**IMDG/IMO**                                              Not regulated  
     **Hazard Class**                                      N/A

**RID**                                                      Not regulated

**ADR**                                                      Not regulated

**ADN**                                                      Not regulated

**15. REGULATORY INFORMATION**

**International Inventories**

**TSCA**                                                      Complies  
**DSL**                                                      All components are listed either on the DSL or NDSL.

**TSCA** - United States Toxic Substances Control Act Section 8(b) Inventory  
**DSL/NDSL** - Canadian Domestic Substances List/Non-Domestic Substances List

**U.S. Federal Regulations****SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product contains a chemical or chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372:

| Chemical Name                                    | CAS-No     | Weight % | SARA 313 - Threshold Values % |
|--------------------------------------------------|------------|----------|-------------------------------|
| Dipropylene glycol monomethyl ether - 34590-94-8 | 34590-94-8 | 3 - 7    | 1.0                           |

**SARA 311/312 Hazard Categories**

|                                   |     |
|-----------------------------------|-----|
| Acute Health Hazard               | Yes |
| Chronic Health Hazard             | No  |
| Fire Hazard                       | No  |
| Sudden Release of Pressure Hazard | No  |
| Reactive Hazard                   | No  |

**Clean Water Act**

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

**CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

**U.S. State Regulations****California Proposition 65**

This product does not contain any Proposition 65 chemicals.

**U.S. State Right-to-Know Regulations**

| Chemical Name                                     | New Jersey | Massachusetts | Pennsylvania | Rhode Island | Illinois |
